The pitching staff of the Browns was materially improved when Manager Matson signed Crable, the "big southpaw," formerly with the Cincinnati Swastikas, this week. Besides being a first class man in the box, the big fellow is a great stick artist, which is an unusual trait in a good pitcher, and he can if necessary, be used as a utility man as he fields and throws well.

With Gaikano, Crable and Nye to work, the Browns should continue to put up a strong argument with anything in this part of the country.

### TWO BOYS SENTENCED TO TERMS IN PRISON

Necessary to Teach Them That Police Are Not Powerless.

Howard Grubb and Jimmy Biddlecome, the two small boys who were accused of stealing chewing tobacco and gum from a store on Third street and Atlantic avenue yesterday afternoon, were arraigned before Police Judge Craig today and both pleaded guilty to the charge. They maintained that they did not intend to steal when they entered the store, but that the temptation and opportunity were too great to resist. Judge Craig administered a severe reprimand and then sentenced the youthful criminals to ten days each in jail.

The sentence was not suspended in this instance and the boys will be confined to the full extent of the sentence after which it is hoped they will have learned a lesson. One of the boys is an old offender, having been up before the police judge on several previous occasions of late. He is one of a group of incorrigible youngsters who have been giving the police no end of annoyance.

A member of this gang was heard to remark the other day that no matter what crimes they committed the police did not dare to do anything to them on account of their age. This idea will be dispelled from their minds when a few more are sent up for ten days or longer. This case and others illustrate most forcibly the need of a juvenile court in this city and a more adequate means of punishing youthful offenders.

As it is now the boys must be incarcerated in the same room with hoboes and hardened criminals and society of such sort is conducive to their moral improvement. A house of correction conducted with the idea of directing the minds of wayward boys to law-abiding ways is a prime necessity in this territory.

### SANTA FE WILL NOT PLAY SUNDAY

Manager O. A. Matson of the McIntosh Browns, received a message this morning from George F. Parsons, stating that the Santa Fe Grays will be unable to play here Sunday, as no special train is available. The Grays had planned to run an excursion to this city on that day and a large number had made preparations for coming to the game. Now, however, the game will have to be postponed for an indefinite time.

### CRABLE ADDED TO MCINTOSH BROWNS

The pitching staff of the Browns was materially improved when Manager Matson signed Crable, the "big southpaw," formerly with the Cincinnati Swastikas, this week. Besides being a first class man in the box, the big fellow is a great stick artist, which is an unusual trait in a good pitcher, and he can if necessary, be used as a utility man as he fields and throws well.

### BROWNS WILL PLAY THE TRINIDAD TEAM

At last the Browns are going to meet Trinidad and the fans who have been predicting all kinds of gloomy things when the two teams come together, will now have a chance to secure a real line on the local team. After several letters, excuses and telegrams, the teams are now sure of meeting, the Browns going to Trinidad for games on the 24th and 25th, and according to the agreement, Trinidad returns here the following Saturday and Sunday.

The Browns will receive their expenses, and 50 per cent if they win, or 40 per cent if they lose, of the net proceeds.
